

Open Tenure Track Positions in Mathematics at the Federal University of Amazonas in Manaus (UFAM)

A public call for filling 3 positions in Mathematics has opened; candidates from all areas of Mathematics are welcome to apply.

Description of the Positions

- The positions are for “Professor Efetivo” (similar to tenure track positions on assistant professor level in North-America)
- Teaching duty is around 8-10 hours per week

Why UFAM?

- Growing university and growing mathematics department, with currently around 40 full-time professors, regular scientific activities and summer schools
- University campus located in a primary forest reserve of 650 hectares
- Grants for financing travels to conferences in Brazil
- Grants for financing the stay of visiting researchers from Brazil or from abroad

Why Manaus?

- City of around 2 million people in the middle of the largest rainforest in the world
- City with the third-highest industrial output in Brazil after São Paulo and Rio de Janeiro
- The State of Amazonas has 98% of its area (1.5 million km²) covered by primary forest
- The surroundings of Manaus have very good conditions for outdoor activities, such as fishing, camping, excursions to waterfalls and river beaches
- Geographical location: flight time to Rio de Janeiro or São Paulo is 4 hours and to Miami 5 hours

Salary and Salary Progression

- Entry salary: 2400 EUR per month gross (2000 EUR net), with 13.5 salaries per year
- Gradually increasing throughout the career: to around 2900 EUR gross per month after 4 years and to a maximum of 5200 EUR gross per month after 20 years of career

Cost of Living in Manaus

- Expect around 350 EUR for a two-bedroom apartment of around 50m² and 500 EUR for a three-bedroom apartment of around 80m² in a good area of the city in a block of buildings with a concierge service and amenities such as a swimming pool, a playground, a basketball court and a common event area
