

Helmut Veith Stipend for Women in Computer Science – Deadline: November 30, 2019

Female students in the field of computer science (CS) who plan to pursue (or are currently pursuing) one of the master's programs in Computer Science at the Vienna University of Technology – TU Wien taught in English are invited to apply for the annually awarded Helmut Veith Stipend.

The annually awarded Helmut Veith Stipend for female master students is dedicated to the memory of an outstanding computer scientist who worked in the fields of logic in computer science, computer-aided verification, software engineering, and computer security. – Professor Helmut Veith (1971-2016).

The Helmut Veith Stipend was established with generous support of TU Wien, Wolfgang Pauli Institute and with contributions by family and friends of the late Helmut Veith.

BENEFITS

- EUR 6000 per year
- Waiver of tuition fees at TU Wien

LOCATION OF MASTER STUDY

For study in Austria, at Vienna University of Technology – TU Wien

FOR FIELD OF STUDY

Applicants must be eligible for admission to one of the master's programs in computer science at Vienna University of technology - TU Wien that are taught in English.

In 2018/2019 and 2019/2020 those are:

- Master in Logic and Computation
- Master in Business Informatics
- European Master in Computational Logic
- Master in Computer Engineering (Technische Informatik)
- Master in Data Science
- Master in Media and Human-Centered Computing

APPLICATION

Applications for funding can be filed **after, before or in parallel** with the admissions process. Your application must be submitted electronically to master@logic-cs.at as a single PDF document, by **November 30, 2019**.

DEADLINE

November 30, 2018.

INQUIRES

Electronically to master@logic-cs.at
