## Description:

### From the Back Cover

Get the book that shows you not only what--but *how*--to study

- **100% complete coverage** of all official objectives for exam 640-801
- **Exam Readiness checklist** at the front and back of the book for all three exams--you're ready for the exams when all objectives on the list are checked off

- **Step-by-step exercises** in the McGraw-Hill NetSim Learning Edition Network Simulator on CD-ROM--test router commands, configure simulated equipment, and more with two routers, three switches, and four hosts
- **Exam Watch sections** in every chapter highlight key exam topics and strategies
- **Simulated exam questions** match the format, tone, topics, and difficulty of the real exam, including IOS simulation questions

Covers all CCNA exam topics, including:

- Network Topologies
- OSI Reference Model
- TCP/IP Protocol Stack
- Switch and Router Configuration
- Router Hardware Components
- Bridges and Switches
- VLAN Connections
- Dynamic Routing Protocols
- Distance Vector Protocols
- OSPF and EIGRP
- IP Access-Lists
- DHCP
- WAN

The best fully integrated study system available

CD-ROM includes:

- **Practice test** engine, powered by Boson, featuring:
  - 400 practice exam questions
  - Detailed answers with explanations
  - Chapter quizzes and real exam environment simulations
  - Score Report performance assessment tool
- **McGraw-Hill NetSim Learning Edition** interactive network simulation software, powered by Boson
- **CertCam** videos that demonstrate how to perform complex configurations with IOS commands
- **Free network utilities**--subnet calculator and configuration register
- **Flash card** quick study program for your PC, Pocket PC, or Palm device
- **Electronic book** for studying on-the-go

**About the Author** Richard Deal (Orlando, FL) has more than 15 years experience in the computing and networking industry including networking, training, systems administration, and programming. For the last four years, Richard has operated The Deal Group Inc., located in Orlando, Florida. The Deal Group provides network consulting and training services nationwide. Richard has also been an IT instructor and official Cisco instructor for more than 5 years. Richard is the author of the CCNP Remote Access Exam Prep, CCNA Switching Exam Cram, and CCNP Cisco LAN Switch Configurations Exam Cram, from Coriolis, Cisco PIX Firewalls, from McGraw-Hill/Osborne, and Cisco Test Prep Exams and the CCNA Secrets Revealed eBook and CBT from both Boson and QuizWare.
