Description:

From Publishers Weekly Serious students of Judaism will want to have a copy of this outstanding

and surprisingly affordable study Bible, which stands in the tradition of Oxford's great study Bibles. Using the Jewish Publication Society translation, the books of the Jewish canon are presented in their traditional order: Torah (the five books of Moses); Nevi'im (the major and minor prophets); and Kethuvim (the other writings). Leading Jewish scholars introduce each book and offer extensive sidebar commentary, discussing the views of ancient and modern rabbinic scholars. In addition, the volume provides two dozen scholarly essays on different aspects of interpretation: the Bible's use in various periods in Jewish history, in the liturgy, in the Dead Sea Scrolls. There are essays on biblical languages, canonization, textual criticism, philosophical and mystical traditions, and biblical poetry. This landmark volume is at once serious and accessible, and spans the spectrum of Jewish thought. Copyright © Reed Business Information, a division of Reed Elsevier Inc. Review

"The Jewish Study Bible encompasses a monumental assembly of critical learning and acumen, representing the achievement of an entire generation of Jewish scholars. The commentaries are not only erudite but purposeful and theologically alert. A heroic undertaking, brilliantly conceived and executed with panache."--Jacob Neusner

"Serious students of Judaism will want to have a copy of this outstanding and surprisingly affordable study Bible, which stands in the tradition of Oxford's great study Bibles."--Publishers Weekly, Religion Bookline

"Another superb holiday gift, especially appropriate for non-Orthodox Jews, is The Jewish Study Bible from Oxford University Press, which finally stands alongside the many verse-by-verse commentaries for Christians. This work also is recommended for serious-minded Christian readers."--Associated Press

"I love The Jewish Study Bible....the majority of the book is self explanatory and highly informative."-
