## **Description:**

**From Publishers Weekly** Starred Review. A full cast delivers a gripping performance of John Buchan's classic tale of espionage and intrigue. When Richard Hannay discovers a dead body in his apartment, he's dragged into a dark and dangerous world of global politics, secret societies, and undercover agents. Accused of murder and with the fate of the British fleet resting in his hands, Hannay must elude the police *and* foreign spies, decode a cryptic notebook, and convince the enigmatic Sir Walter Bullivant to believe his incredible tale. David Robb dazzles as Hannay, delivering a gritty, nuanced performance of a man living a nightmare, and with the addition of dramatic music and a host of pitch-perfect sound effects, this audiobook is highly enjoyable and highly recommended. **Review** It is the dimension of the mysterious that makes Buchan's writing so unfailingly compelling. (John Keegan, from the introduction) --introduction --This text refers to the edition.
