Description:

Review "(Narrator) Edwards enunciates with unusual clarity, which helps with a book published in 1776." --*Talking Book Review*

"Adam Smith's enormous authority resides, in the end, in the same property that we discover in Marx: not in any ideology, but in an effort to see to the bottom of things." --Robert L. Heilbroner, author of *The Worldly Philosophers*

"*The Wealth of Nations* is no defender of 'greed is good' economics; the author's humanity and benevolence tint every page." --Eamonn Butler, Director of the Adam Smith Institute

"Simply the best book on political economy ever written. It is a genuine 'breakthrough' book whose magisterial scope and synthesis have not been surpassed." --Dr. Razeen Sally, senior lecturer, London School of Economics, and codirector of the European Center for Political Economy --This text refers to the edition.

From the Inside Flap Introduction by D. D. Raphael --This text refers to an out of print or unavailable edition of this title.
