**WHISPER CAPE** is a town of secrets and Addison MacKenna soon becomes tangled in a web of them. Fighting to shake off one of those devastating early morning nightmares, Addison finds it even harder to escape from the vision of a man lying on the side of the road--a man she may have just killed. When she frantically tries to locate him, he seemingly disappears, just the beginning of strange occurrences in her life. She also cannot ignore the weird sensations in her own body, making the impossible seem possible, but is that a blessing or a curse? The only one who can protect Addison and teach her how to overpower the murderous monster determined to destroy her, is the same man who makes Addie's heart race and her blood heat with passion. The same man she'd left for dead. Cael Sheridan may be arrogant and mysterious but he's also undeniably gorgeous. A member of a secret society, he is sworn to protect the woman he believes to be the daughter of his recently murdered mentor. In the process, he finds it impossible to resist her magnetic sensuality, complicating his efforts to shield and guide her. Fate has brought them together, but will it make them stronger or destroy them both in end?

A compelling mix of love, paranormal power and long kept secrets that will keep you reading into the wee hours. Well done!"
