Mathematical Center in Akademgorodok has 10 postdoctoral research fellowships available in Mathematics, Mathematical Physics, Computer Science, and related fields.

**Applicants’ profile**
- PhD within the last five years
- Maximum Age: 36
- Language proficiency in English
- Scientific publication experience
- Research focus in one of these areas:
  - Combinatorial algebra,
  - Combinatorial optimization and algorithms,
  - Mathematical logic and foundations,
  - Geometric function theory,
  - Sub-Riemannian geometry,
  - Artificial intelligence,
  - Computer science applications,
  - Inference in stochastic processes,
  - Other

The Fellowship offers an initial one-year appointment renewable for up to three years.

**REWARD 120 000 RUB MONTHLY**
