

Postdoctoral Fellowship in Algebraic Geometry and Singularities

Job Offer	
Topics:	Singularity Theory, Algebraic Geometry, Symplectic Geometry
Tasks:	Conduct your own research and at the same time contribute to the ERC project ERC CoG_2013 / 651655 NMST. Specific topics appear in http://www.bcamath.org/en/research/lines/STAG
PI in charge:	Prof. Javier Fernández de Bobadilla (Ikerbasque Research Professor)
Research Line:	<i>Singularity Theory and Algebraic Geometry</i>
Salary and conditions:	<p>The gross annual salary of the Fellowship is EUR 28.000 - 32.000.</p> <p>It will then be on your own responsibility to make your yearly income declaration at the Bizkaia Treasury Agency.</p> <p>There is a moving allowance for those researchers that come from a research institution outside the Basque Country from EUR 1.000 to EUR 2.000 gross.</p> <p><i>Free access to the Public Health System in Spain is provided to all employees.</i></p> <p>Funded by 651655 NMST ERC CoG_2013</p>
No Positions offered:	#1
Contract and offer:	1+1 years
Deadline:	April 30th, 2019, 12:00 CET (UTC+1)
How to apply:	Applications must be submitted on-line at: http://www.bcamath.org/en/research/job

Scientific Profile Requested	
Requirements:	<ul style="list-style-type: none"> ➤ Promising young researchers ➤ Applicants must have their PhD completed before the starting date.
Skills and track-record:	<ul style="list-style-type: none"> ➤ Strong background in Algebraic Geometry and or Singularity Theory. ➤ Ability to effectively communicate and present research ideas. ➤ Ability to clearly present and publish research outcomes in spoken (talks) and written (papers) form. ➤ Good command of verbal and written English.

	➤ Good communication and interpersonal skills.
Scientific Profile:	Please visit the research group website http://www.bcamath.org/en/research/lines/STAG to have an idea of the research interests of the mathematician in charge.

Application and Selection Process	
Formal Requirements:	The selected candidate must have applied before the application deadline online at the webpage http://www.bcamath.org/en/research/job The candidates that do not fulfil the mandatory requirements will not be evaluated with respect to their scientific profile.
Application:	Required documents: <ul style="list-style-type: none"> ▪ CV ▪ Letter of interest ▪ 2 recommendation letters ▪ Statement of past and proposed future research (2-3 pages)
Evaluation:	Based on the provided application documents of each candidate, the evaluation committee will evaluate qualitatively: the adaption of the previous training and career to the profile offered, the recommendation letters, the main results achieved (papers, proceedings, etc.), the statement of past and proposed future research and other merits; taking in account the alignment of these items to the topic offered.

Incorporation:	SEPTEMBER – DECEMBER 2019, or as soon as possible thereafter. <i>The BCAM postdoctoral contract will start when the selected candidate has finished the PhD, i.e. after dissertation defence.</i>
