

2016 LOUIS BACHELIER PRIZE – CALL FOR NOMINATIONS

The Louis Bachelier Prize is a biennial prize jointly awarded by the London Mathematical Society (LMS), the Natixis Foundation for Quantitative Research and the Société de Mathématiques Appliquées et Industrielles (SMAI). The Prize will be awarded to a mathematician who, on the 1st January of the year of its award, has *fewer than 20 years* (full time equivalent) of involvement in mathematics at postdoctoral level, allowing for breaks in continuity, or who in the opinion of the Bachelier Prize Committee is at an equivalent stage in their career.

The Prize will be awarded to the winner for his/her exceptional contribution to mathematical modelling in finance, insurance, risk management and/or scientific computing applied to finance and insurance.

Nominations are now open for the 2016 Louis Bachelier prize. A form for making nominations is available to download at <https://www.lms.ac.uk/prizes/louisbachelierprize>.

The closing date is 31st January 2016.

The prize-winner will have a list of outstanding publications in top quality academic journals in the areas of quantitative finance, risk management, or computational methods in finance and be recognised by his/her peers in academia and the industry for his/her exceptional contribution to mathematical modelling in finance. Nominees must be permanent residents in Europe (in the geographical sense).

The prize winner will receive €20,000 including £5,000 to organise a scientific workshop in Europe on their area of research interests.

The Louis Bachelier Prize, initially "Prix NATIXIS-SMAI", was instituted in 2007 by the NATIXIS Foundation for Quantitative Research and the Société de Mathématiques Appliquées et Industrielles.
